Laura,

We agree that we should get all materials out as soon as possible to support the public dialogue with accurate information. I'll get with the City team and identify what they're asking for and offer to go over it with them.

John

Odis, John, et al,

I am back in the office now. I am ready to talk about this memo. We certainly want to continue to be as transparent as possible. We met with PG on Monday with his financial advisor to answer questions. Let me know when you want to talk.

Office called Sam to request a copy of the Walker letter sent last Friday night, should we provide that to him make sure we also provide my response as well as Walker response acknowledging that the Walker letter was uninformed and misguided as this is a fluent process and information has and will readily change.

Thanks!!
